

What should I expect before my appointment?

- The reception team will contact you the day before your appointment to check whether you, or anyone in your household are displaying coronavirus symptoms, check that you are generally fit and well, and check any recent travel (i.e., outside of the local area, or abroad).
- The reception team will talk you through what you need to do once you arrive at the practice.
- Before you leave home, please ensure that you are well hydrated, and have had a comfort break as the toilet facilities are not currently available at the practice.
- Please attend the practice alone wherever possible.
- Please wear a face covering.
- Please avoid bringing any unwanted items with you such as heavy coats and bags.
